

**PRESENTING QUESTA ROYAL 750W MIXER GRINDER**

## PRODUCT SPECIFICATIONS

## SUPERIOR TECHNOLOGY

**100% Copper Motor for Longer Usage**

Powerful 750W motor delivers maximum grinding results by optimising energy usage

**Motor Vent X for Motor Stability**

Increased airflow inside the body keeps it cool and increases motor life

**Overload Protection**

Equipped with resettable OLP switch to cut off the motor from Overheating. This also prevents mixers from voltage fluctuations and or blockages

**Speed Controls**

Comes with three speed controls and pulse switch to smoothly grind food ingredients from coarse to fine.

## UNIQUE PRODUCT DESIGN

**Superior Durability**

With unbreakable lids and Shock Proof ABS Body

**Ergonomic Controls**

Ergonomically designed knobs for easier usage

**Robust Design**

Compactly built and elegantly designed, the mixer grinder occupies less space but attracts more attention

**Firm Seal Lids**

Prevents leakages from the Jars by forming a strong grip with the lid

## COMPETITION BENCHMARKING

A top-down view of various spices and herbs arranged on a rustic wooden surface. In the center, three wooden scoops are filled with different powders: white, reddish-brown, and bright yellow. Spilled piles of these powders are visible on the wood. Surrounding the scoops are various whole spices: cinnamon sticks, peppercorns, and small green leaves. A small glass bowl containing yellow liquid is in the upper right. The overall lighting is warm and natural.

Thank you!
